

ANNUAL INVESTMENT REPORT

FOR THE YEAR ENDED
SEPTEMBER 30, 2023

GWEN MARSHALL
CLERK OF CIRCUIT COURT
AND COMPTROLLER

LEON COUNTY, FLORIDA

ANNUAL INVESTMENT REPORT
 Fiscal Year Ended September 30, 2023
 Leon County, Florida

EXECUTIVE SUMMARY

The Investment Policy approved by the Commission provides for a conservatively managed portfolio that performed as expected during fiscal year 2023. The Investment Policy objectives are safety of principal, adequate liquidity and investment return, in that order of priority. Parameters related to portfolio duration, credit quality, liquidity and instrument selection have been established to ensure investment policy objectives are being met. **The portfolio earned total income of \$8,622,924 for fiscal year ending September 30, 2023. This total income provided an effective rate of return of 3.48% on an average daily balance of \$248,013,648.** For comparison, the portfolio earned \$1,900,836 for the prior fiscal year. This represents an effective rate of return of 0.85% on an average daily balance of \$224,032,208.

Investment income increased 354% year over year with a \$23.9 million increase in overall average investment balances. The interest rate environment has markedly changed over the course of the fiscal year due to the change in monetary policy with the Federal Reserve raising short term interest rates during fiscal 2023. With the rising rate environment, the returns from our longer duration investments were lower than those from our shorter duration investments. For a more detailed discussion of the rising interest rate environment and its impact on our investment portfolio, see Section V of the report. Our investment portfolio at year end reflects this, with more investments held in the short-term money market funds. When market conditions change, this strategy will be reassessed.

Due to an extraordinary rise in interest rates, the portfolio recorded unrealized mark-to-market losses of \$2.2 million, which are book losses and will not be realized as the investments will be held to term. This is an improvement from the prior year, which had \$6.1 million in unrealized mark-to-market losses.

In an effort to reduce portfolio volatility in the future, the Committee has proposed changes to the investment policy that reduce the portfolio's duration.

Section 218.415(15), Florida Statutes, requires the Leon County Clerk of Circuit Court and Comptroller to provide an annual report to the Board of County Commissioners of the securities in the portfolio by investment type, book value, market value and income earned. This information is included in Table I and Table II below and the chart on page 6 as of September 30, 2023.

Investment Oversight Committee

The Investment Policy of the Board of County Commissioners provides for an Investment Oversight Committee (IOC) to work with the Clerk of the Circuit Court and Comptroller in the investment management of the portfolio. The Committee meets quarterly unless interim issues require more frequent meetings. Meetings are noticed, open to the public and the minutes of each meeting recorded. The IOC consists of the Clerk Designee, Chief Deputy Clerk, Kenneth Kent; the County Administrator Designee, Director of Financial Stewardship, Scott Ross (subsequently retired); and three qualified individuals with financial or investment expertise who are independent of employment and business relationships with Leon County. The three outside members as of September 30, 2023, were Chairman, J. Ben Watkins III, State of Florida Director of the Division of Bond Finance, Renee McNeill, The First Bank, and Claudia Sachs, Certified Financial Planner, of Securities America.

During the fiscal year ending September 30, 2023, the portfolio was managed within the guidelines and limitations of the IOC recommendations and the Commission-approved policy without exception.

Investment Managers

The investment portfolio quarter ending balances ranged from \$204,177,753 to \$324,940,599 during the fiscal year, with higher balances during the winter as tax collection notices are distributed by the Leon County Tax Collector. The internal portfolio was generally allocated to the Florida Local Government Investment Trust (FLGIT), Florida Treasury Special Purpose Investment Account (SPIA) and Florida Prime (SBA) during the year for diversification and liquidity.

Insight Investment, the external manager, invested an average of 25% of the Leon County portfolio during the fiscal year. As of September 30, 2023, Insight Investment managed approximately \$54 million in fixed income assets that resulted in a portfolio duration during the fiscal year ranging between 1.18 and 0.57 years. The established performance benchmark for Insight Investment is the ICE Bank of America US Treasury/Agency 1-3 Year Government Index. Insight Investment, formerly known as Cutwater Asset Management, has managed the County's external portfolio since June 1, 2010.

In October 2018, an additional money market account was opened with Wells Fargo for restricted funds for the Leon County Landfill. This Landfill money market account has a rate of Federal Funds less 10 basis points. In June 2019 the County added the Florida Local Government Investment Trust (FLGIT) Day to Day Fund to provide more flexibility for liquidity. Additional information for the FLGIT Day to Day Fund is provided on page 4 section B of this Annual Investment Report.

ANNUAL INVESTMENT REPORT
Fiscal Year Ended September 30, 2023
Leon County, Florida

I. INVESTMENT POLICY

Section 218.415, Florida Statutes provides units of local government the ability to adopt a written investment plan to govern the investment of their investment portfolio. The Leon County Board of County Commissioners on July 9, 2019 adopted revisions to the new investment policy that was adopted on July 11, 2017. These revisions to the Policy, which were recommended by the Investment Oversight Committee, were designed to provide more flexibility for liquidity needs, while ensuring the safety of the principal and earning a reasonable rate of return by modifying the portfolio sector maximums for specific security types.

The Florida Constitution provides that the Clerk of Court and Comptroller (Clerk) will be responsible for the investment of County funds and this report is being submitted by the Clerk as provided by the Board's Investment Policy. All investment activity was conducted in accordance with written procedures and internal controls.

II. INVESTMENT OVERSIGHT COMMITTEE

The Clerk established the Investment Oversight Committee (IOC) to formulate investment strategies, to provide short-range direction, and to monitor the performance and structure of the County's portfolio. The IOC consists of the Clerk Designee, Director of Civil Courts, Kenneth Kent; the County Administrator Designee, Director of Financial Stewardship, Scott Ross (subsequently retired), and three qualified individuals with financial or investment expertise who are independent of employment and business relationships with Leon County. The three outside members as of September 30, 2023 were Chairman, J. Ben Watkins III, State of Florida Director of the Division of Bond Finance, Renee McNeill, The First Bank and Claudia Sachs, CFP, of Securities America.

III. ACTIVITIES OF THE INVESTMENT OVERSIGHT COMMITTEE

The IOC scheduled periodic meetings to discuss issues relating to the investments of the County. During the current year, the IOC continued to maintain the average annual effective duration for the managed external portfolio of approximately 1.70 and 1.85 years. Given the current market environment, the IOC will continue to carefully monitor the portfolio duration and allocation of assets.

IV. INVESTMENT OBJECTIVES

The Policy states that the primary objectives of all investment activities for the County should be safety of principal, maintenance of adequate liquidity and finally, return maximization.

Safety of principal is the foremost investment objective. Investment transactions should seek to keep capital losses to a minimum, whether the result of security defaults, or erosion of market value. This is best insured by establishing minimum acceptable credit ratings, limiting the portfolio's overall duration, setting maximum exposures by sector, defining appropriate levels of diversification and authorized transactions and limiting exceptions.

The second objective is the provision of sufficient liquidity. A portion of the County's overall portfolio should be maintained very liquid in order to meet operating, payroll, and ongoing capital requirements. Maintaining a core level of assets with the government pools, such as FLGIT and Florida Prime or other short-term money market funds, is viewed as the best way of maintaining secure asset values with sound investment practices. The remainder of the overall portfolio should be managed in such a manner that funds can be liquidated in a reasonable amount of time,

ANNUAL INVESTMENT REPORT
 Fiscal Year Ended September 30, 2023
 Leon County, Florida

recognizing that there are other sources for day-to-day liquidity and that this portfolio is primarily available for income generation within the constraints of this policy.

Maximizing yield on the portfolio is of least importance compared to the safety and liquidity objectives above. Return maximization is guided by the predefined and acceptable levels of risk as defined in this policy.

V. PORTFOLIO PERFORMANCE

Acceptable portfolio performance is the result of balancing the rewards of investing, or the income earned, with the risks associated with those investments. Factors influencing the portfolio's performance are the types of permitted investments and allowable maturities, liquidity requirements, overall interest rate environment, cash flows, and the investment manager's performance.

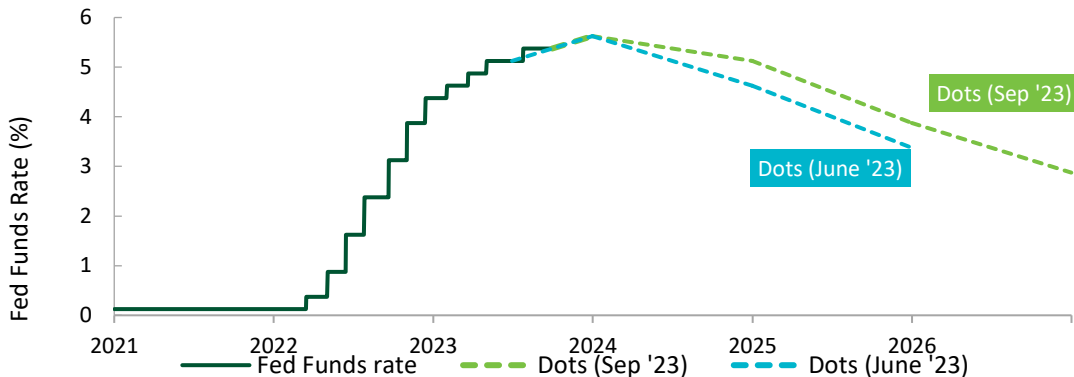

The portfolio earned total income of \$8,622,924 for fiscal year ending September 30, 2023. This total income provided an effective rate of return of 3.48% on an average daily balance of \$248,013,648. For comparison, the portfolio earned \$1,900,836 for the prior fiscal year. This represents an effective rate of return of 0.85% on an average daily balance of \$224,032,208.

The actively managed external portfolio did have realized gains for the 12-months ending September 30, 2023 of \$49,152. The yield on the external portfolio on September 30, 2023 was 2.36% versus 1.34% on September 30, 2022. The market interest rates were on an upward trend throughout the second half of the fiscal year. Investments purchased during the lower rate environment with a lower market value than their book value. Since the County has sufficient liquidity and reserves, these investments will be held until maturity, and the losses will not be realized.

The following is an overall market and portfolio specific commentary provided by the County's investment advisor, Insight Investment.

Insight Investment Calendar Year Fourth Quarter 2023 Review & Outlook

The Federal Reserve kept the Fed Funds target rate on hold at 5.25% to 5.5% at the September meeting. However, the Committee continued to project another rate hike by the end of the year and adjusted the "dot plot" to reflect a slower pace of rate cuts than it did in at its June meeting (Chart 1). The Fed also significantly raised its economic growth forecasts. Chair Powell, nonetheless, stated the central bank will "proceed carefully."

ANNUAL INVESTMENT REPORT

Fiscal Year Ended September 30, 2023

Leon County, Florida

Headline CPI rose 0.6% month-on-month in August (up from 0.2% in July) driven primarily by higher energy prices. On a year-over-year basis, CPI rose 3.7% in August from 3.2%. However, core CPI painted a more benign picture, decreasing from 4.7% to 4.3% year-on-year, the slowest level since September 2021. Meanwhile, the 3-month annualized rate fell below 3%, improving from 3.1% to 2.4% (Chart 2). Broad disinflationary trends are still evident across non-energy areas, although there were some blemishes, with non-durable goods and transportation (particularly private transportation) categories contributing positively, likely related to higher energy prices. The final estimate of Q2 GDP was unchanged at 2.1% (equal to Q1 GDP growth). However, consumption was revised down and business investment was revised up.

Source: Bureau of Labor Statistics, September 30, 2023

Labor market conditions remained tight overall. The unemployment rate unexpectedly increased from 3.5% to 3.8%, which was partly driven by the participation rate increasing from 62.6% to 62.8%. Wage growth continued to edge down, falling from 4.4% to 4.3% year-on-year. Job growth was also solid at 187,000 and would have been ~55,000 higher if not for Hollywood strikes and layoffs at a large trucking company.

Congress faced the looming prospect of a government shutdown at the end of the month, given objections from a faction of Republicans in the House of Representatives over the required appropriations bills needed to keep the government funded. However, at the very end of the month, Congress passed a “continuing resolution” to keep the government funded for 45 days, buying until mid-November for a comprehensive agreement.

VI. PERMITTED INVESTMENTS AND ALLOWABLE MATURITIES

Table 1 summarizes the permitted investments, composition limits, and maximum allowable maturities. The County’s available funds are invested according to Leon County’s Investment Policy Section XV, which authorizes the County to invest in specific permitted investment types. The permitted investments are restricted by the Policy in their composition limits and maximum allowable maturities. The Policy permits maturities of the operating portfolio establishing a range of 60 days to 10 years. Table 1 gives a brief description of each investment type according to Section XVI of the Policy. It is generally regarded that the following investment types are safe investments and meet the Policy’s first objective: safety.

<i>FL Municipal Investment Trust (FMIVT)</i>	15%	NA
<i>SPIA, Money Markets</i>	100%	NA

The internal portfolio was invested in the following government pools during fiscal year ending September 30, 2023:

A. Florida Local Government Surplus Funds Trust Fund, also known as Florida PRIME

Florida PRIME is administered by the Florida State Board of Administration (SBA) for the purpose of pooling investment funds of local governments in an investment portfolio of money market instruments that provide liquidity while preserving capital. On February 13, 2008, the Trustees of the SBA hired Federated Investors to manage Florida PRIME, effective on March 1, 2008. As of October 1, 1997, the SBA had converted Florida PRIME to a “2a-7 like” investment pool (SEC Rule 2a-7 of the Investment Company Act of 1940). On September 30, 2023, Florida PRIME was invested in fixed rate and floating rate bank instruments, repurchase agreements, fixed rate and floating rate corporate commercial paper, floating rate corporate notes, money market mutual funds, and fixed rate and floating rate asset backed commercial paper. The rating for Florida Prime as of September 30, 2023 was AAAM by Standard and Poor’s. A maximum of 20% of the portfolio may be invested with Florida PRIME without the written direction of the County’s Finance Director to deviate from the Investment Policy limitation based on market conditions. The Finance Director provided written direction at the committee’s request, to increase the level to 40 percent.

B. The Florida Local Government Investment Trust Government Fund (FLGIT)

The Florida Local Government Investment Trust (FLGIT) is a local government investment pool developed through the joint efforts of the Florida Court Clerks and Comptrollers (FCCC) and the Florida Association of Counties (FAC) for providing opportunities for the investment of excess public funds. FLGIT offers two investment funds to its participants, the Short Term Bond Fund and the Day to Day Fund. The Short Term Bond Fund is a longer term higher yielding fund. At September 30, 2023, the County did not have any balances in the Short Term Bond Fund. The Day to Day Fund is a highly liquid fund with underlying investments having a weighted average maturity of less than 90 days. The FLGIT Day to Day Fund does meet the criteria and has adopted operating procedures consistent with the requirements for a SEC Rule 2a-7 fund. On September 30, 2023, the majority of the Day to Day Fund was invested in US Treasuries, Agencies and Repurchase Agreements with the remainder in short term Corporate Bonds, Commercial Paper and Certificates of Deposit. The Day to Day Fund maintained a credit rating of AAAM by Fitch as of

ANNUAL INVESTMENT REPORT
Fiscal Year Ended September 30, 2023
Leon County, Florida

September 30, 2023. A maximum of 20% of the portfolio may be invested with FLGIT without the written direction of the County's Finance Director to deviate from the Investment Policy limitation based on market conditions. The Finance Director provided written direction at the committee's request, to increase the level to 40 percent.

C. Special Purpose Investment Trust (SPIA)

Effective July 1, 2004, Section 17.61(1), Florida Statutes was amended to permit organizations created by the Florida Constitution to participate in the existing State Treasury Investment Pool "Special Purpose Investment Account (SPIA)." Historically, SPIA participants have received higher earnings reflecting the higher risk associated with the longer maturities and lower credit quality. The rating for the Treasury Investment Pool as of September 30, 2023 was AA-f by Standard and Poor's with a duration of 3.20 years. The County Investment Policy allows up to 100% of the County portfolio to be invested in SPIA.

In March 2015, the Florida Treasury implemented procedures to provide better cash forecasting and an increase in funds available for longer term investments which should increase the interest earnings of the pool as a whole. These enhancements included (1) closing the pool to new non-component unit entities, (2) requiring new withdrawal notices and minimum balance requirements and (3) setting a cap on investment amounts. Instead of 100% liquidity with 3 days' notice, the Florida Treasury now requires 5 days' notice for liquidations between \$20 and \$75 million and 20 days' notice for liquidations over \$75 million. In addition, 6 months' notice is required for liquidations planned below a floor calculated as 60% of the previous 3 months average balance. The changes by the Florida Treasury reduce the possibility of large unplanned liquidations from the pool. The IOC evaluated these changes and determined that the associated risks would be monitored and dollars reallocated between asset classes (including SPIA) based on periodic analysis of the market risk.

The financial details and disclosures for the Treasury Investment Pool are made in Note 4 to the State of Florida Annual Comprehensive Financial Report (ACFR).

On September 30, 2023, the majority of the Florida Treasury Investment Pool holdings were in US Treasuries, US Government Agencies/Bonds, Corporate Bonds, and Agency Mortgage Backed Securities. The Pool's fair value factor was 0.9711 for September 2023. A factor of less than 1.0000 indicates that the market value of the Pool's investments is less than the funds invested in the Pool. For more information relating to the Treasury Investment Pool, please visit the website at <http://www.myfloridacfo.com/Division/Treasury/>.

VII. LIQUIDITY REQUIREMENTS

The second objective in managing the County's investments is the provision of sufficient liquidity. On a regular basis, the County's receipts and disbursements are analyzed to determine trends in cash inflow and outflow. Cash inflows are invested immediately upon receipt and become part of the portfolio. The portfolio provides cash for weekly payment of operating and capital expenditures, biweekly payment of payroll expenditures and semiannual debt service payments. A liquidity base of approximately at least two months of anticipated disbursements is kept in relatively short term investments.

VIII. INVESTMENT OPERATIONS

Investing activities are conducted by the investment advisor and qualified professionals in the Clerk's Office in accordance with Florida Statutes, County Ordinances, and written policies and procedures.

ANNUAL INVESTMENT REPORT
 Fiscal Year Ended September 30, 2023
 Leon County, Florida

Periodic reports of investment activity and positions are prepared and distributed to management of the Clerk’s Office, management of the BCC and the Investment Oversight Committee. Regular meetings of the IOC are held to monitor the portfolio, evaluate investment performance and discuss investment strategies.

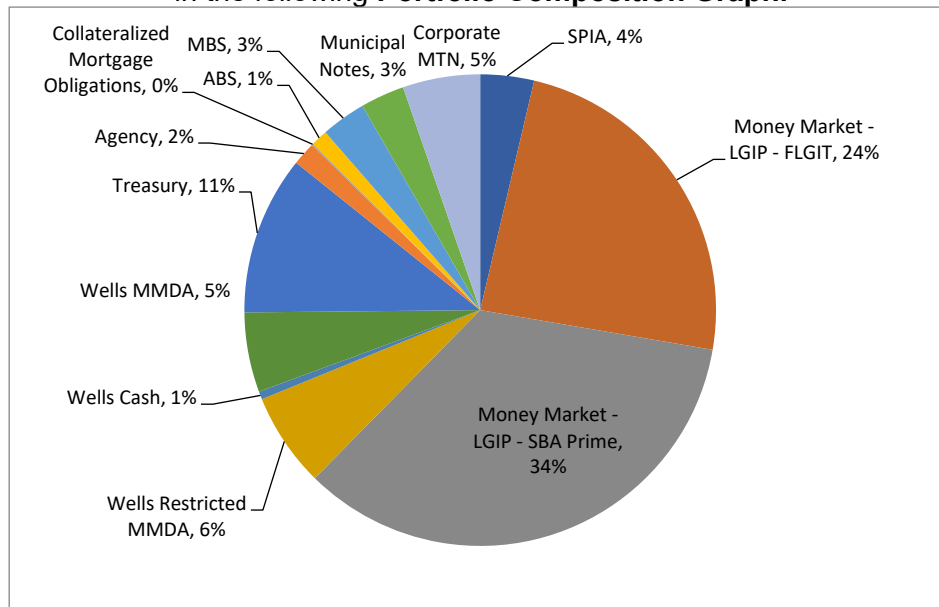

The investment advisor and Clerk staff use sophisticated techniques in carrying out investment activities including the use of electronic bank and trust account systems, electronic funds transfer, on-line real-time monitoring of U.S. securities markets and electronic trading. Bank account balances, cash requirements, investment positions and trust account activity are monitored daily. Our county employs stringent internal controls and prioritizes cybersecurity measures to safeguard its investments and financial assets against potential threats and risks. Current conditions and evaluations of national economic activity are considered in making asset allocation decisions.

A. Portfolio Balances

The portfolio’s ending balance for fiscal year 2023 was \$215,718,173 while the ending balance for 2022 was \$206,594,753, an increase of \$9,123,420.

B. Portfolio Composition

The Clerk or the Clerk’s designee (Finance Director) shall have the option to further restrict or increase investment percentages from time to time based on market conditions. Any changes to the portfolio composition guidelines or limits must be in writing from the Finance Director directed to the appropriate parties and discussed at each quarterly Investment Oversight Committee meeting. The portfolio was managed in compliance with diversification requirements for investment types as shown in the following **Portfolio Composition Graph**.

C. Portfolio Maturities

Portfolio management was also accomplished in compliance with the Policy that requires ensuring sufficient liquidity as well as diversity in maturities. Shown in Table 3 are the average terms of each investment type held as of fiscal year end 2022 and 2023. Average term is the weighted average number of days remaining to maturity of the investment. Average terms greater than one year

ANNUAL INVESTMENT REPORT
 Fiscal Year Ended September 30, 2023
 Leon County, Florida

represent investments of non-current funds, including the non-current operating portfolio, and investments of bond proceeds and debt service reserve funds. The externally managed portfolio was invested for a weighted average term of approximately 622 days in fiscal year 2023, as compared with a weighted average term of 507 days in fiscal year 2022.

Table 3- External Manager Average Term by Investment Type (Days)

	FY 2023	FY 2022
US Treasury Notes	631	719
US Agency Notes	759	664
Commercial Mortgage Backed Securities	931	762
Asset Backed Securities	26	220
Mortgage Backed Securities	398	453
Municipal Notes	504	507
Corporate Notes	358	416

D. Earnings and Yields

The portfolio earned total income of \$8,622,924 for fiscal year ending September 30, 2023. This total income provided an effective rate of return of 3.48% on an average daily balance of \$248,013,648. For comparison, the portfolio earned \$1,900,836 for the prior fiscal year. This represents an effective rate of return of 0.85% on an average daily balance of \$224,032,208. The range of duration of the County's overall portfolio is defined as 0.5 years to 2.5 years. Unusual market or economic conditions may mandate moving the portfolio outside of this range. The Investment Oversight Committee will be convened and will approve any portfolio duration outside of the range specified above. The duration of the portfolio was an annual average of 0.69 years.

Table 4- Quarter Wt. Average Yields

	09.30.22	12.31.22	03.31.23	06.30.23	09.30.23

The dollar amount of interest earnings is used in historical and budgetary comparisons and in cash flow analysis. Actual interest earnings totaled \$8,573,772 in fiscal year 2023 and \$1,917,835 in fiscal year 2022. Actual interest earnings were \$6,046,121 more than the budget in fiscal year 2023 and \$810,981 more than the budget in fiscal year 2022.

ANNUAL INVESTMENT REPORT
 Fiscal Year Ended September 30, 2023
 Leon County, Florida

<i>Budget</i>	\$2,527,651	\$1,106,854
<i>Variance</i>	\$6,046,121	\$810,981

IX. CONCLUSION

In conclusion, the results outlined in the Annual Investment Report are as follows:

- Investment income increased 354% year over year with a \$23.9 million increase in overall average investment balances. The interest rate environment has markedly changed over the course of the fiscal year due to the change in monetary policy with the Federal Reserve raising short term interest rates during fiscal 2023. With the rising rate environment, the returns from our longer duration investments were lower than those from our shorter duration investments. For a more detailed discussion of the rising interest rate environment and its impact on our investment portfolio, see Section V of the report. Our investment portfolio at year end reflects this, with more investments held in the short-term money market funds. When market conditions change, this strategy will be reassessed.
- Due to an extraordinary rise in interest rates, the portfolio experienced unrealized mark-to-market losses of \$2.2 million. These are book losses and will not be realized, as the investments will be held to term.
- In effort to reduce portfolio volatility in the future, the Committee has proposed changes to the investment policy that reduce the portfolio's duration .
- A deviation from the investment policy was made at the direction of the Oversight Committee and the Finance Director, temporarily increasing the local government investment pools to 40 percent.
- The Investment Portfolio activity was in compliance with the Investment Policy.
- The interest rate and fixed income market environment continues to be volatile. The external manager continues to tactically manage the duration as changes in the market occur.
- At the request of the committee, the external portfolio managers are instructed to re-allocate funds as they mature into short-term Treasury Bills.

Investment Oversight Committee

The IOC met regularly to monitor market conditions, investment performance, ensure compliance with the investment policy and oversee the performance of the external manager. The investment policy requires staff to notify the IOC of any deviations from the investment policy including any time that any holdings drop below the minimum credit ratings required under the policy or investment policy limits are exceeded. The IOC will then consider the current market environment and make recommendations or any corrective action needed. Any deviations from the investment policy shall be in writing and authorized by the County's Finance Director.

ANNUAL INVESTMENT REPORT

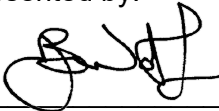

Fiscal Year Ended September 30, 2023

Leon County, Florida

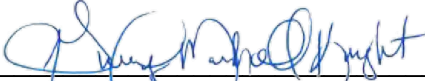

The committee updated the investment policy in the May 2024 meeting to minimize the risks of volatility.

On May 21 2024, the IOC met to review and approve this annual report summarizing the performance of the internal portfolio and the external manager.

Presented by:

Ben Watkins, Chairman
Investment Oversight Committee

Gwendolyn Marshall, Clerk of the Court
and Comptroller, Leon County, Florida
